PROFILE

Commercial Chief Engineer with over 30 years' experience on cargo vessels, LPG tankers, private & charter yachts. Comprehensive knowledge of all on-board systems, including main and auxiliary engines, hydraulics, compressors, AC/refrigeration plants, and more. Proficient in documentation, reporting, inventory control, and planned maintenance systems (IDEA, SHIPSURE, AMOS,). Skilled in practical watchkeeping, operational procedures, and record-keeping, with extensive shipyard, dry-dock, and refit experience alongside Owners' Reps, Class, and Flag. Methodical, hands-on, and detail-oriented, with an easy-going, team-focused approach.

EDUCATION

Electro-mechanic Profile License & Endorsement
Merchant Shipping – Chief Engineer Unlimited III/2
Maritime University Constanta
